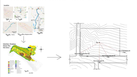
Concept: My concept is taken from Natural environment of the site (Topography) and Views of the Surroundings to make main Activities more Life like restaurants-coffee shop - Guest rooms and best orientation for the Building and Iused sustainability Strategies Like - Green Building-Passive Solar-Active Solar Panle .

Concept Analysis
1- The site located in Shaqlawa (Suburban Hotel) that have Some Good Views



Concept Analysis
2- Then According These Views I designed my hotel And to be best oriented. the site have topography levels and I used Circles because it is soft with the topography
