VILLA PROJECT

CONCEPT

I took this concept from (YIN-YANG) Symbol, Which is shown a complementary Relation between two opposite things. Like (land & sea, man & woman, electron & proton...) that makes one perfection Thing together.

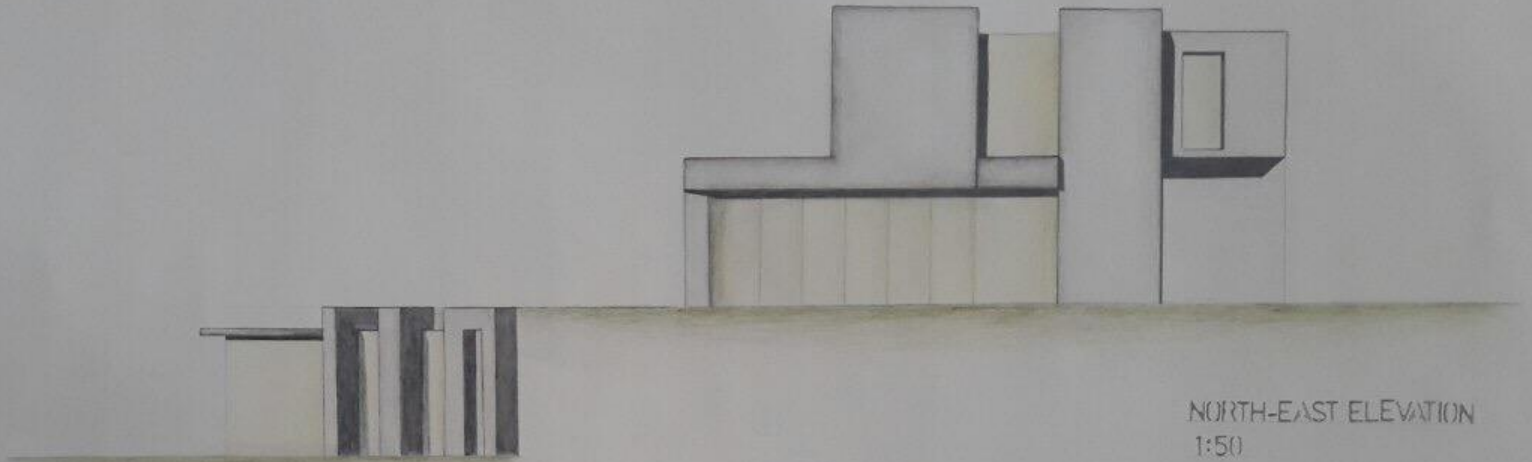

- Here is the "Bad"
- Here is the "Good"
- ☯ Here is the "Good" that in the "Bad"
- ☯ Here is the "Bad" that in the "Good"
- ☯ Here is "Life"

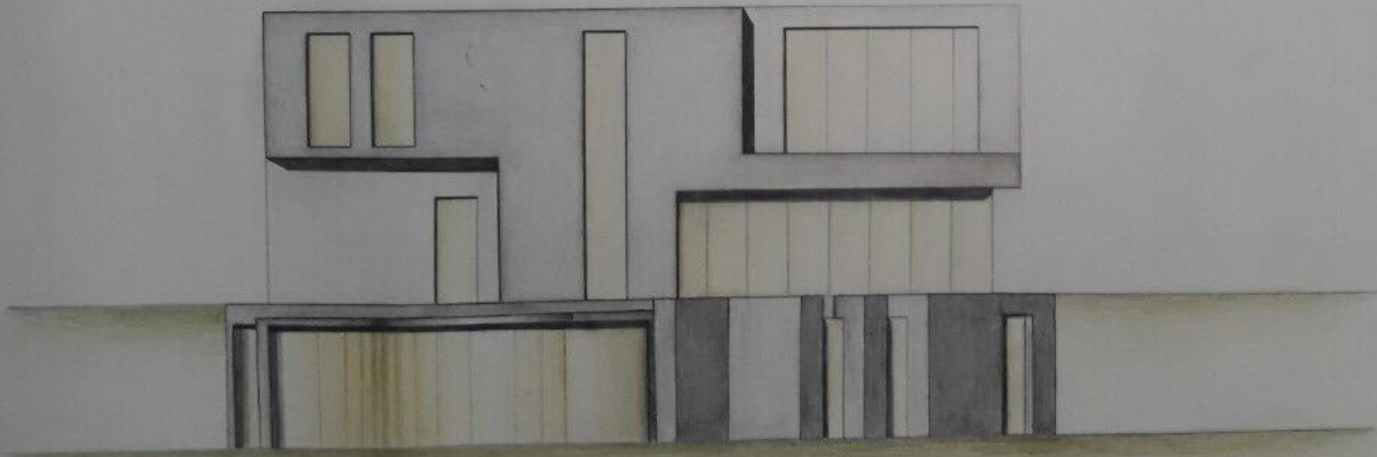

FORM ANALYSIS

Cutting one cube to two equal part, then Subtracting each one as a complementary to Each other by using function, after that adding A curve part to each one as a complementary To each other, because straight line and curve- Line are opposite and at some time complementary To each other.
